Last Updated 20, Dec. 2007

A portion of the 2nd Congressional District was omitted from the U024.AdjustedUSHouseDistricts2002 feature class. This missing area in NE Utah County has been added to this district and the new data is now available from the SGID Database Server and the SGID ftp site.

As of 12/20/07, this problem is now fixed in the U024.AdjustedUniqueHouseSenate feature class as well.
