KEY ISSUES - 2008 GENERAL SESSION

The Office of Legislative Research and General Counsel has published a compilation of some of the key issues that the Utah State Legislature may address during the upcoming session and includes the following item:

-

International Trade - Businesses in Utah involved in international trade and their locations have not been identified. The Legislature may consider legislation and appropriations to create a GIS database of businesses involved in international trade for economic development purposes.

The complete document is located online at:
