Last Updated 03, Sep. 2009

The following update has been made to GIS data residing on the State Geographic Information Database's ArcSDE server, [gdb93.agrc.utah.gov](http://gdb93.agrc.utah.gov) (v9.3):

The SGID SGID93.TRANSPORTATION.Roads (known as U024.Transportation.StatewideStreets in the SGID 9.2 Database) feature class has been updated on the SGID ArcSDE Database Server. Shapefiles and File-Based Geodatabase files for Roads are available for download on the SGID FTP site. Geocoding services, ArcIMS Applications, and ArcGIS Server Applications & Web Services are now using this new data.

## County Updates:

- Carbon: Received centerline update 4/7/09: new roads added; geocoding improvements
- Davis: Received centerline update 4/21/09: new roads added; geocoding improvements
- Garfield: Received centerline update 8/17/08: updated entire dataset; geocoding improvements
- Kane: Received centerline update 5/20/09: new roads added; geocoding improvements
- Morgan: Received centerline update 6/11/09: new roads added; geocoding improvements
- Salt Lake: Received centerline update 7/1/09: new roads added; geocoding improvements
- San Juan: Received centerline update from Blanding City 6/23/09: updated entire dataset; geocoding improvements
- Summit: Received centerline update 5/13/09: new roads added; geocoding improvements

## UDOT Route System:

- Statewide: Improvements were made to the geometry and attributes that describe the UDOT state and federal routes (DOT\_RTNAME, DOT\_F\_MP, DOT\_T\_M). Also, polylineM route geometry has been updated in the SGID93.Transportation.UDOTRoutes\_CalibratedEPfeature class.

## Blue Stakes of Utah Feedback:

- Carbon: geocoding improvements
- Davis: geocoding improvements
- Iron: geocoding improvements
- Kane: geocoding improvements
- Morgan: geocoding improvements
- Piute: geocoding improvements
- San Juan: geocoding improvements
- Salt Lake County: geocoding improvements
- Sevier: geocoding improvements
- Summit: geocoding improvements
- Tooele: geocoding improvements
- Utah: geocoding improvements
- Weber: geocoding improvements
- Washington: geocoding improvements

## Topology Corrections:

- Box Elder
- Cache
- Daggett
- Duchesne
- Emery
- Grand
- Kane
- Iron
- Millard
- Morgan
- Rich
- Salt Lake County
- San Juan
- Sanpete
- Summit
- Wayne
- Weber

UDOT B Road Classification:

Codes added to CLASS field of:

- Beaver
- Piute
- Wayne
