

## AGRC's ArcSDE Server Gets Service Pack 3

Contributed by AGRC Administrator  
09, Aug. 2007

The SGID database server's ArcSDE software (v. 9.2) was updated with the latest SDE Service Pack 3 on Sunday, August 5, 2007. Database connection users should now see much faster initial connect times to the SGID database server.

A similar service pack is recommended by ESRI for ArcGIS Desktop 9.2 and is available from <http://support.esri.com>
